LAYERS

ZIP ON
4 SIDES

WASHABLE
AT 60°

1_ COVER

Cover and padding in naturally hypoallergenic fibre, permeable to air for greater breathability. Removable cover with circular zip on 4 sides and machine washable at 60°C.

2_ PADDING

Made of hypoallergenic fibre that together with the volumetric band guarantee high breathability.

3_ SPRINGS

400/800 individually pocketed springs that act independently from each other, supporting the body and adapting to every movement. Only the springs that are pressed move downwards, without stressing the others.

4_ BOX

The side encloses the springs and is made of high density "eco-friendly polyurethane foam" to guarantee uniformity to the resting surface. The massaging surface in ACQUATECH is hypoallergenic with areas of different load-bearing capacities.

5_ DIFFERENTIATED SUPPORT SURFACES

Side 1: surface in MEMORY FOAM, an innovative material that softens under the weight of the body and over the entire surface.

Side 2: resting surface made of high density non-deformable materials.

FITTED WITH HANDLES

VOLUMETRIC BAND TO CONTROL HUMIDITY AND AIR PERMEABILITY.
